Using the Zinio for Libraries app

- The **Zinio for Libraries** app is available for iOS and Android.
It allows you to download and read e-magazines offline
- You must create an account on the Zinio website (see url above) before logging into the app

Once you are logged into the app you can:

- **Checkout Magazines** – this button will take you to the Zinio website to browse and checkout magazines
- Settings:
Refresh Library will download any newly checked out magazines
Auto Downloads will automatically download all issues for checked out magazines released in the last 30 days
- Checked out magazines will synch with the app.
Tap a magazine within the app to download a copy to your mobile device for reading
